DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests; serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Well supplied.

9. (1) *Standing Crops.*—Paddy, sugarcane, kar-ragi are fair.

(2) *Harvests*—Vaisaki paddy and kar-ragi are being harvested in Hoskote Taluk.

(3) *Crops sown.*—Ragi, Avare, Togari are being sown in all parts in the District.

10. Good. Coolies find sufficient labour.

11. Cattle are reported to be generally healthy. Water and fodder are available.

KOLAR.

8. Moderately supplied.

9. *Seeds sown.*—Ragi, avare, thogari and groundnut in some places.

Standing Crops.—Sugarcane, irrigated ragi, paddy, potatoes, avare, thogari and mulberry are reported to be in good condition.

Crops harvested.—Nil.

10. Fair.

Public health is generally good, except for the prevalence of small-pox in Kotaganahalli and Abbani villages of Kolar Taluk and in some villages of Dibburahalli, Sadali and Melur circles in Sidlaghatta Taluk. Necessary preventive action is being taken to check the spread of the epidemic.

11. Cattle are reported to be generally healthy except for the prevalence of Blackquarter at Hanumenahalli, Satanur, Bisanahalli, Maruvakunte and Rajagondlahalli in Mulbagal Taluk. Necessary preventive measures are taken to check the spread of the disease. Fodder and water are available. Labour is available to cooly classes.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Ragi, navane, haraka, groundnut all over the District.

Standing Crops.—Paddy in Tumkur, and Madhugiri Taluks; Sugarcane and kar-ragi in Kunigal, Tumkur and Turuvekere Taluks.

Crops harvested.—Paddy in Madhugiri Taluk.

10. Fair in general.

Public Health.—Generally good except for plague in Settikere Villages, Chiknaikanahalli Taluk and of small-pox in a few Village of Gubbi and Kunigal Taluks. Necessary preventive action is reported to have been taken by the local Departmental Officers.

Cattle are reported to be generally healthy. Fodder and water are available.

Cooly classes find sufficient labour.

MYSORE.

8. Normally supplied.

9. *Seeds sown.*—It is reported that Ragi is being sown in Chamarajanagar, Nanjangud and T.-Narasipur Taluks. Transplantation of paddy is being done in Nanjangud and T.-Narasipur Taluks.

Standing crops.—Paddy, Ragi, Jola, Thogari and Groundnut crops are reported to be in good condition.

Crops harvested.—It is reported that Jola in some parts of T.-Narsipur Taluk and Groundnut in Nanjangud Taluk are being harvested.

10. (1) Fairly good.

(2) Rainfall is scanty in Krishnarajanagar, Gundlupet, and T.-Narasipur Taluks. There was no rainfall in Nanjangud Taluks during the week.

(3) None under relief.

(4) Sufficient quantity of food grains are available throughout the District.

(5) Cattle are reported to be generally healthy. Fodder and water are available throughout the District.

MANDYA.

8. Well supplied.

9. *Crops harvested.*—Sugarcane in the Visvesvaraya Canal Area, Kar-paddy, Kar-ragi and Jola are being harvested.

State of standing crops.—The standing crops of sugarcane Kar-paddy, Kar-ragi and Jola are reported to be in good condition. The rains during the week are reported to have relieved the anxiety of the ryots to a certain extent.

Transplantation of paddy is going on in French-Rocks and Srirangapatna Taluks. Preparatory operations to sow ragi are reported to have been commenced in all the taluks.

10. Prospects of the season are reported to be fair.

11. Public health is reported to be good in all the Taluks. Plague in Krishnarajapet Taluk is reported to be subsidising.

Cattle are reported to be generally healthy in all the taluks, except in Krishnarajapet Taluk where the prevalence of Black-quarter is reported in Valegeremenasa village. The Veterinary Department is reported to be taking preventive measures in this regard. Fodder and water are reported to be available in sufficient quantity.

HASSAN.

8. Well supplied.

Crops sown.—Transplantation of Paddy is going on in parts of Manjarabad and Hole-Narsipur Taluks and Ragi is being transplanted in parts of Hole-Narsipur Taluk. Ragi and Avare are being sown in parts of Channarayapatna Taluk.

9. *Standing Crops.*—Paddy in Hassan and Arkalgud Taluks, Ragi in Hassan, Arkalgud and Channarayapatna Taluks, Potato in Hassan Taluk, Sugarcane in Belur and Channarayapatna Taluks; Groundnut in Channarayapatna and Arsikere Taluks; Kar-paddy, Jolam, Til and Tadaguni in Arsikere Taluk are reported to be generally in good condition. The standing crops in parts of Hassan, Manjarabad, Belur, Arsikere and Hole-Narsipur Taluks are in need of rain urgently.

10. Prospects of the season are reported to be generally good; but rain is urgently needed in almost all the taluks.

11. Water and fodder are generally available for cattle. Cattle are reported to be healthy.

SHIMOGA.

8. Well supplied.

9. Sowing of ragi and jola in some parts of the District is going on. Standing crops of paddy, sugarcane, ragi and jola are reported to be generally good. Transplantation of rice crop in Thirthahalli Taluk is held up for want of rain.

10. Seasonal condition is reported to be generally good. Rainfall is needed for the standing crops of paddy in the Taluks of Shimoga, Sorab and Tirthahalli.

11. Cattle are reported to be healthy in all but Honnali Taluk. The Amildar, Honnali, states that cattle in a few villages in his taluk are suffering from "Galale Roga" and Veterinary Department has taken suitable preventive measures. Fodder and water are available.

CHIKMAGALUR.

8. Markets are fairly well supplied.

9. Sowing of paddy is nearing completion in all the Taluks except Kadur. Due to recent rains in Kadur Taluk, it is reported that the ryots of Kadur Taluk have redoubled their efforts in the Agricultural operations. Transplantation of paddy is going on in all the taluks except Kadur and Tarikere. The standing crops are fair. Vaishaki paddy under atchkat of Anegere and Devanur Tanks in Kadur Taluk is being harvested. It is reported by the Assistant Director of Agriculture, Chikmagalur, that leptispa and case worm pest on paddy is prevailing in Chickmagalur and Mudigere Taluks, and kerosene oil may be supplied for controlling the pest and that survey is being conducted in other Taluks.

10. Seasonal conditions are fair. Rains are required in Kadur and Tarikere Taluks. Rains during the week are insufficient.

11. Cattle are generally healthy, water and fodder are available. Scarcity for fodder is still felt, in parts of Kadur and Tarikere Taluks.

CHITALDRUG.

8. Markets are reported to be well supplied except in controlled commodities.

were encountered in the State, while it remained conspicuously free from Rinderpest during June 1949. Altogether 483 villages were reported to have been affected by one or the other of the above contagious diseases as against 490 villages during the previous month. The number of outbreaks was highest in Kolar District, while Mandya and Chikmagalur Districts were least affected.

These diseases accounted for 1,556 attacks accounting for 1,372 deaths, as against 1,759 attacks and 1,195 deaths during the previous month. The departmental staff conducted 37,752 preventive inoculations and vaccinations against all the above diseases as against 33,003 inoculations and vaccinations during the previous month.

The prevalence of disease conditions attributable to helminthic infestations was reported from 198 villages, as against 155 villages affected resulting in 51 deaths during the previous month. The special staff attached to the Parasitic Disease Control and the Sheep Breeders Associations of the Department dosed 13,409 animals against parasitic disorders, as against 13,966 animals during the previous month.

The rest of the Live-stock remained free from diseases during the month and fodder and water were generally available throughout the State.

P. M. NARAYANASWAMI NAIDU,
Director.

535

Printed by the Director of Printing, Stationery and Publications at the Government Press, Bangalore

9. *Sowing.*—Sowing of jola, groundnut, togari, navane, ragi and cotton in Chitaldrug and Harihar Taluks and transplantation of paddy in Hiriyur and Molakalmuru Taluks are reported to be in progress.

Standing Crops.—The standing crops of Jola, ragi, sajje togari, groundnut, paddy and navane are reported to be in fair condition; But the dry crops are reported to be withering for want of rains.

Harvesting.—Nil.

10. Cooly classes are finding sufficient labour throughout the District.

11. Cattle are reported to be generally healthy throughout the District, except in a few villages of Harihar Taluk where the "ಗಳಲವೇನೆ," is reported to be prevailing. Precautionary measures are reported to have been taken by the Veterinary Department to check the spread of the disease.

Water and fodder are available throughout the District.
